Madrid Accuses U. S. of Espionage In North Africa

Spain Charges Washington Planned Iberian Peninsula Invasion

MADRID, March 18 (P) — The Spanish government tonight charged that the United States engaged in espionage activities in Spanish North Africa in 1943, and early the following year submitted a plan to other Allied nations for an invasion of the Iberian peninsula.

The charges were made in a 5,000word "reply" to the recent United States white book which asserted that the Franco regime had co-operated with the Axis during the

The document, issued by the for-eign ministry, flatly denied that Spain "was compromised with the ations of the Axis" and said that the conduct of Spain toward the United States during the war and oostwar years has been irreproach-

Cumberland Voters Should Make Their Decision Today

ISSUE having been joined on the paramount question in the local biennial city election, that of vitally needed flood control, it behooves citizens to indicate their wishes through the ballot at their respective polling places today.

The real question is whether the community shall have a flood control project that will mean something vital in the postwar advancement of the community, or whether it shall risk delays, impediments or complications in seeking it and thus run a good chance of not getting it.

The road to attainment is difficult enough with all possible impediments removed. The various steps that must be taken have been fully outlined in the newspapers. They include approval by the supervising army engineers, which may not be obtained if reluctance is shown in the project by the people; the preparation of detailed plans and specifications, the seeking of bids and the awarding of contracts, congressional legislation to provide the necessary federal funds, the definite provision of funds by the mayor and city council, and co-operative action by the town of Ridgeley, W. Va., which has been assured.

As heretofore stated, these steps should not be hindered or complicated with undue restrictions and impediments, such as the holding of a special election to decide something that has already been overwhelmingly supported by the community.

One set of candidates, headed by Mayor Post, would interpose impediments. The others are all out for immediate, cooperative, unrestricted action to the end that the needful project can be started by next spring, which is the earliest possible under all favorable circumstances.

It is the duty of Cumberland citizens to vote in the election today, far more so than ordinarily. If they do not express their sentiments through the ballot, and if undesirable candidates creep into office, they will have nothing to blame but their own indifference and negligence. Certainly they have had all the facts placed before them on which to register their decision on a question that means so much for the industrial and business future of the community.

Spain Charges Washington Planned Iberian Peninsula Invasion

MADRID, March 18 (A) - The Spanish government tonight charged that the United States engaged in activities in North Africa in 1943, and early the following year submitted a plan to other Allied nations for an invasion

of the Iberian peninsula. The charges were made in a 5,000word "reply" to the recent United States white book which asserted that the Franco regime had cooperated with the Axis during the

The document, issued by the foreign ministry, flatly denied that Spain "was compromised with the nations of the Axis" and said that the conduct of Spain toward the United States during the war and postwar years has been irreproach-

Cumberland Voters Should Make Their Decision Today

ISSUE having been joined on the paramount question in the local biennial city election, that of vitally needed flood control, it behooves citizens to indicate their wishes through the ballot at their respective polling places today.

The real question is whether the community shall have a flood control project that will mean something vital in the postwar advancement of the community, or whether it shall risk delays, impediments or complications in seeking it and thus run a good chance of not getting it.

The road to attainment is difficult enough with all possible impediments removed. The various steps that must be taken have been fully outlined in the newspapers. They include approval by the supervising army engineers, which may not be obtained if reluctance is shown in the project by the people; the preparation of detailed plans and specifications, the seeking of bids and the awarding of contracts, congressional legislation to provide the necessary federal funds, the definite provision of funds by the mayor and city council, and co-operative action by the town of Ridgeley, W. Va., which has been assured.

As heretofore stated, these steps should not be hindered or complicated with undue restrictions and impediments, such as the holding of a special election to decide something that has already been overwhelmingly supported by the community.

One set of candidates, headed by Mayor Post, would interpose impediments. The others are all out for immediate, cooperative, unrestricted action to the end that the needful project can be started by next spring, which is the earliest possible under all favorable circumstances.

It is the duty of Cumberland citizens to vote in the election today, far more so than ordinarily. If they do not express their sentiments through the ballot, and if undesirable candidates creep into office, they will have nothing to blame but their own indifference and negligence. Certainly they have had all the facts placed before them on which to register their decision on a question that means so much for the industrial and business future of the community.

Quiz For Marylanders

There is no question about Maryland's oldest sport. It is horse racing which began in Maryland in 1740, over 200 years ago. Maryland racing is older than the State of Maryland. But racing is also Maryland's most popular sport. Seven out of every ten Marylanders interviewed attendance.

ers interviewed attend racing, more than participate in any other Maryland sport. Marylanders like horses. More than any other state, Maryland enjoys horse breeding, riding, fox hunting, horse shows, steeplechasing and racing. And we have been doing it for over 200

Answer to Question 2: Could your county provide Free chool Busses on \$43,478 a year? If so, the taxes paid by Maryland's four Racing Associations would provide Free School Buses for your county and every county in Maryland. If high class racing in Maryland is encouraged, your

county and every county is \$43,000 better off, so far as our state taxes Answer to Question 3: The most heavily taxed Racing

Maryland-it is Pimlico. Out of | five years the Maryland Jockey every dollar Pimlico earns 33c Club's average dividends have been less than 1%. Is it wise for the State of Maryland to "kill the goose that lays the golden eggs?' What do you think?

What's New at Metropolitan?

THERE IS MUCH good news for policyholders in the 1945 record of the Metropolitan Life Insurance Company.

Payments to policyholders and their beneficiaries reached a new all-time high of \$623,000,000. Mortality among policyholders, excluding war deaths, was the lowest on record. The yield on the Company's investments followed the general trend and declined somewhat. The Company had asset gains which made it possible to revise policy and annuity reserves so as to reflect lower interest earnings. Scales of dividends to policyholders were maintained, and in some cases slightly increased.

Unassigned surplus funds at the year end amounted to \$448,600,000. In addition the Company had special surplus funds of \$109,400,000, of which \$95,100,000 represented a special reserve for possible loss or fluctuation in the value of investments and \$14,300,000 a Group Insurance reserve for epidemics, etc. These funds represent an extra cushion of safety for policyholders.

In its report to policyholders for 1945, Metropolitan provides answers to many of the questions a policyholder would be likely to ask if he could make a personal visit to the Company. Among questions answered, for example, are ...

Were there many extra claim payments last year

Would longer life for policyholders reduce the cost of Life Insurance?

In what types of investments did the Company put its money? What does the Company advise about National

Service Life Insurance? In addition to answering these and many other questions, the report gives a financial summary of the Company's operations during 1945. Whether or not you are a policyholder, you will find this report interesting and informative. To get a copy, just write and ask for the Company's annual report entitled.

Quiz For Marylanders Inswer to Question 1: There is no question about Maryland's oldest sport. It is horse racing which began in Maryland in 1740, over 200 years ago. Mary-land racing is older than the State of Maryland. But racing is also

Maryland's most popular sport. Seven out of every ten Marylanders interviewed attend racing, more than participate in any other Maryland aport. Marylanders like horses. More than any other state, Maryland enjoys horse breeding, riding, fox hunting, horse shows steeplechasing and racing. And we

have been doing it for over 200

Answer to Question 2:

years.

Could your county provide Free School Busses on \$43,478 a year? If so, the taxes paid by Maryland's four Racing Associations would provide Free School Buses for your county and every county in Maryland. If high class racing in Maryland is encouraged, your county and every county is \$43,000 better off, so far as our state taxes are concerned.

Answer to Question 3: The most heavily taxed Racing Association in the world is in

What's New at Metropolitan?

THERE IS MUCH good news for policyholders in L the 1945 record of the Metropolitan Life Insurance Company.

Payments to policyholders and their beneficiaries reached a new all-time high of \$623,000,000. Mortality among policyholders, excluding war deaths, was the lowest on record. The yield on the Company's investments followed the general trend and declined somewhat. The Company had asset gains which made it possible to revise policy and annuity reserves so as to reflect lower interest earnings. Scales of dividends to policyholders were maintained, and in some

cases slightly increased. Unassigned surplus funds at the year end amounted to \$448,600,000. In addition the Company had special surplus funds of \$109,400,000, of which \$95,100,000 represented a special reserve for possible loss or fluctuation in the value of investments and \$14,300,000 a Group Insurance reserve for epidemics, etc. These funds represent an extra cushion of safety for policyholders.

In its report to policyholders for 1945, Metropolitan provides answers to many of the questions a policyholder would be likely to ask if he could make a personal visit to the Company. Among questions answered, for example, are ...

Were there many extra claim payments last year

due to the war? Would longer life for policyholders reduce the

cost of Life Insurance? In what types of investments did the Company

put its money? What does the Company advise about National

Service Life Insurance? In addition to answering these and many other questions, the report gives a financial summary of the Company's operations during 1945. Whether or not you are a policyholder, you will find this report interesting and informative. To get a copy, just write and ask for the Company's annual report entitled,

For City Council DeLISLE E. CHANEY

I favor Water Improvement - Relief of Traffic Conditions. Street Improvement. Public Playgrounds. Flood Control.

A Dollar Value in City Government. More Business in City Government. More Dignified and Businesslike Sessions of the City Council. The City should be conducted by the Mayor and City Council who are responsible to the People.

Political Advertisement Published by Authority of the Candidate

An interesting situation has arisen within the last few days.

Editorials have appeared in both newspapers of Cumberland urg-

ing the next city administration to have a bond issue for flood

control passed at the next session of the State Legislature WITH-

OUT A REFERENDUM TO THE PEOPLE, stating that a referen-

dum could not be taken until the next general city election in 1948,

and that this would be too long to wait. We immediately replied,

and pointed out the error of this last statement and showed that

under the law a referendum could be held at ANY time upon giving

twenty days' public notice, and that we propose to conduct such a

referendum to vote on the bond issue some time this year BEFORE

the State Legislature meets, so that there could be no possible

My opponent says that if he is elected, he is going to put a

bond issue through the State Legislature WITHOUT a referendum.

He does not say what the amount of the bond issue will be, and of

course he does not know. If the town of Ridgeley should fail to pay

its share of \$450,000, Cumberland may be asked to pay Ridgeley's

share in addition to its own, yet my opponent makes the flat

statement he is going to bond the City of Cumberland for SOME

amount, he does not know WHAT, and will not give the citizens a

I say that as a matter of fundamental principle, I am opposed

to ALL bond issues, no matter what they are for or what their

merits may be, unless the people give their consent by referendum.

The people have to pay the bills and in simple justice they must

have the right to decide what debts they wish to incur. A contrary

principle is dictatorial and un-American and there is absolutely no

ingly and deliberately vote to take away their own power to vote

on a future matter before all the facts and requirements are made

known, and I am sure the people of Cumberland will decide this

matter tomorrow in the American way. I am happy that at last

an issue has been raised between myself and my opponent. I will

stand or fall upon the proposition that all bond issues hereafter

What possible objection could be made to requiring a referen-

dum in this case? We have exploded the first objection that a

referendum would delay action until 1948. We have shown that a referendum can be held at any time upon twenty days' public notice and we will order such a referendum to be taken as soon as we learn exactly how much money we will really need to complete the flood prevention plan. I do not know how much money that will be and you do not know how much money that will be. How could the people possibly vote now on a bond issue before the amount of the bonds are made known? The election tomorrow is not a

must be approved by a referendum vote of the people.

referendum on the bond issue but upon a fundamental issue of American government.

We also believe that the State Legislature will refuse to pass any more bond issues for Cumberland unless a referendum is attached, for our own legislature recognizes the justice of this position. During the last session of the State Legislature the Mayor and City Council of Cumberland met with Senator Kimble, Charles See, Lester Reed, Jonathan Sleeman, and Milton Dick, local members of our State Legislature in regard to the issuance of additional water bonds, and at that time, these local members of the State Legislature stated that they would NOT pass any more bond issues for the City of Cumberland unless a referendum is attached. These gentlemen believe that the State Legislature has no right to pass bond issus against the city unless the citizens of the city give their positive consent to the same. We know that it has been the common practice in Cumberland to put bond issues through the State Legislature without a referendum, but I believe this was an EVIL practice and cannot be justified from any standpoint, and I propose to stop this evil practice. If any proposition has merit I believe the people can be trusted to decide the merit for themselves and I shall never deny them this right. This is the only democratic and American way to do it. and it is my way.

I also believe that the LAW requires all bond issues to be approved by a referendum to the people. Section I of the Charter of the City of Cumberland provides for the proper method of procedure in this case, which we quote: ". . . The Mayor and City Council . . may purchase and hold real, personal or mixed property, or dispose of the same for the benefit of said city: provided. that the purchase or alienation of such real estate, when the value thereof shall exceed the sum of ten thousand dollars, shall be FIRST submitted to the voters of the city, either at a general election for members of the City Council after twenty days' public notice by handbills, or otherwise, in their discretion, OR AT A SPECIAL ELECTION to be ordered by the said Mayor and City Council to be held under an ordinance for such purpose, made and passed after twenty days' public notice thereof, as above provided, stating specifically the object of such election, and provided a majority of the legal voters voting there at assent to the same."

IF THE CHARTER REQUIRES THE CITY TO HAVE A REFERENDUM TO THE VOTERS TO APPROVE THE PUR-CHASE OR SALE OF TEN THOUSAND DOLLARS WORTH OF REAL ESTATE, WHAT DO YOU THINK SHOULD BE OUR PROCEDURE WHEN WE PROPOSE TO PURCHASE REAL ESTATE AND SPEND MONEY AMOUNTING TO ONE HUN-DRED TIMES TEN THOUSAND DOLLARS?

In closing, I wish to ask again that when you vote for me for Mayor that you also vote for H. Frank Hinze, Myers G. Light, and John E. Sharp, for Councilmen, I must have these men to carry out my program

A Dollar Value in City Government. More Business in City Government. More Dignified and Businesslike Sessions of the City Council. The City should be conducted by the Mayor and City Council who are responsible to the People.

Political Advertisement Published by Authority of the Candidate

An interesting situation has arisen within the last few days.

Editorials have appeared in both newspapers of Cumberland urg-

ing the next city administration to have a bond issue for flood

control passed at the next session of the State Legislature WITH-

OUT A REFERENDUM TO THE PEOPLE, stating that a referen-

dum could not be taken until the next general city election in 1948,

and that this would be too long to wait. We immediately replied,

and pointed out the error of this last statement and showed that

under the law a referendum could be held at ANY time upon giving

twenty days' public notice, and that we propose to conduct such a

referendum to vote on the bond issue some time this year BEFORE

the State Legislature meets, so that there could be no possible

bond issue through the State Legislature WITHOUT a referendum.

He does not say what the amount of the bond issue will be, and of

course he does not know. If the town of Ridgeley should fail to pay

its share of \$450,000, Cumberland may be asked to pay Ridgeley's

share in addition to its own, yet my opponent makes the flat

statement he is going to bond the City of Cumberland for SOME

amount, he does not know WHAT, and will not give the citizens a

I say that as a matter of fundamental principle, I am opposed

to ALL bond issues, no matter what they are for or what their

merits may be, unless the people give their consent by referendum.

The people have to pay the bills and in simple justice they must

have the right to decide what debts they wish to incur. A contrary

principle is dictatorial and un-American and there is absolutely no

ingly and deliberately vote to take away their own power to vote

on a future matter before all the facts and requirements are made

known, and I am sure the people of Cumberland will decide this

I cannot imagine that the people of Cumberland would know-

My opponent says that if he is elected, he is going to put a

delay for even a moment.

chance to vote on it.

possible justification for it.

AFTER 15 YEARS FINDS Anniversary CONSTIPATION RELIEF

Now Feels Like "Old Self." Thanks to Famous Cereal

Given up hope of finding lasting relief from constipation? Then read this sincere unsolicited letter:

"I suffered from constipation for 15 years. It got so bad I had to retire from business. Nothing I tried gave me much relief until I began eating Kellogg's All-Bran every day. In one month I was completely regular, and I feel as well and vigorous as I did in my twenties." William J. Anderson, R-3, Shawnee, Okiahoma. You, too, may never have to take

another harsh laxative for constipation due to lack of bulk in the diet, if you eat one ounce of Kellogg's ALL-BRAN every day, and drink plenty of water. Do this every day for ten days, and if not completely satisfied, send empty earton to the Kellogg Company, Battle Creek, Michigan. You will get double your money back! ALL-BRAN is not a purgative. It's a wholesome cereal providing gentle bulk helpful to normal laxation. Eat it as a cereal or in muffins every day.

Get ALL-BRAN at your grocer's. Made by Kellogg's of Battle Creek and Omaha.

its mystery. of every human being.

Sooner or later the shadow of Ash Wednesday falls across the carefree days of youth and, for a while, we touch the deep mysteries of pain and sacrifice.

It has been said that "even though Christ Jesus never lived men would have had to invent Him" out of the hunger of their hearts. And by the same token we follow the troubled trail He trod. Lent is not merely part of a ritual nor even a memorial. It is

fidelity and courage. Business calls it promotion, office calls it honor, life calls it recompense. The recompense of work well done is nobler work to do, the recompense of fidelity is a more demanding station.

The soul knows its shadowed times as certainly as does the climate. We cannot explain the necessity of pain and grief. We do not know why "it is good for us to give things up." We do not see sacrifice and stronger if why we are better and stronger if It would seem a curious wage save or one thing—joy of it. Local Resident Attacks Police, Fire Departments

G. M. Fisher, 118 Columbia street, has written the mayor and city council protesting against granting wage increases asked by hourly paid loyes and members of the police and fire departments

Pisher, who asked that the letter be put aside for the new administration, also criticized the police and fire departments. His letter follows: "Gentlemen: In connection with quests made recently by all houremployes working for the city an increase in their pay, also the requests for the same thing made previously by the Police Department, it is about time that somebody around the City Hall, that to stand up and tell these gentle-men that the war is over and that if they don't like their jobs for them to quit as there are plenty of men now to take their places just where do these men think the money is coming from? If they can get better jobs why don't they quit and go get them? No, indeed, they a good thing when they have it. "Take the Fire Department, \$275 .-

\$250.00 and \$200 per month, plus a 20 per cent bonus on their 1943 salaries that they have been drawing all through the war and as I understand it does not run until 1947. I would say it is more money than any of these me ever saw in any one month, I might add in two or three month:

such high salaries; none whatever: they talk about what they can make and what they pay at other places which is alright, but just et them quit and go and try and see how they make out; they will soon find out; but this is all talk, they are not going to quit.

eaning against a post or a building the army in the Pacific. talking to some of his friends; see money than they ever made in their Young, pastor of Melvin Methodist her home lives and some of them are not chapel. Interment will be in Weslives and some of them are not chapel.

Local Resident Attacks Police, Fire Departments

G. M. Fisher, 118 Columbia street, has written the mayor and city council protesting against granting wage increases asked by hourly paid employes and members of the police and fire departments.

Pisher, who asked that the letter be put aside for the new administration, also criticized the police and fire departments. His letter follows: "Gentlemen: In connection with requests made recently by all houremployes working for the city for an increase in their pay, also the requests for the same thing made previously by the Police De-partment, it is about time that somebody around the City Hall, that has a little marrow in their spine to stand up and tell these gentlemen that the war is over and that if they don't like their jobs for them to quit as there are plenty of men now to take their places just where do these men think the money is coming from? If they can and go get them? No, indeed, they are not going to quit as they know thing when they have it Take the Fire Department, \$275.

00, \$250.00 and \$200 per month plus a 20 per cent bonus on their 1943 salaries that they have been drawing all through the war and as I understand it does not run out until 1947. I would say it is more money than any of these me ever saw in any one month, I might add in two or three me

Albright Kayoes Kerns; Fight Results Parker Quits to John Booth; Tommy Biesel Whips Danny Booth

Pittsburgh weiterweight, knocked out Frankie Gillen, Baltimore in the eighth round of a cheduled ten round main bout featuring the first professional boxing show presented in Cumberland since 1941 before a gathering of approximately 1,000 spectators last night at the state armory.

Floored for nine and eight count in the seventh round, the result of olid right-hand smashes to the mid-section, and saved by the bell on his second trip to the canvas in that stanza. Gillen went down for of milling in the eighth The Negro was counted ou timore, who handled the last three matches on the five-bout program. Bell Saves Gillen

The contest was a give-and-take Altoona Subdues slugging match for six rounds and Adragna turned the tide with booming lefts to the heads and Bedford Bisons right-handed shots in the stomach Early in the seventh Gillen went down along the ropes from Sammy's body and took the count of nine while resting on one knee. Then came the blow that small came th came the blow that really won the fight-a terrific right to the tummy -that drove Frankie halfway across the ring and through the ropes where he landed on the ring apron

right to the breadbasket-mowed The first six rounds were scored the third and fifth, Adragna the title.

the better fighter but when ford tallies. way and Gillen proved dangerous uper with his long right smashes to the ALT head until his foe's punches "down stairs" put him down for keeps.

Gillen tipped the beam at 15 while Adragna scaled 143. Mimi Adragna Scores

Sammy's victory gave the "Pitts burgh Brother Act" a clean swee for the evening at Mimi Adragna the younger of the brother's, lef labbed his way to an unanimou Cuban featherweight in the person of Jimmy Ricco, of Baltimore, in the eight round semi-final

eral hundred left jabs in this one-grided affair but the Baltimorean Referees—McMillan and Pelter. sided affair but the Baltimorean seemed to absorb punches like a sponge does water and managed weather the storm for eight rounds. Moore Fails To Appear The Cuban was on the receiving end the way and lost every round. For Baltimore Fight all the way and lost every round.

Two of the three preliminaries on

three rounds when Delton Parker, tion of a six-bout card tonight. 141, former local amateur ace, was unable to answer the bell for the either Moore, a New Yorker, or his 18 (P) — The St. Louis Cardinals

Parker was down three times in from Columbus, Ohio.

Albright Scores Kayo

Celebrating his debut as a pro-fessional, Garford Albright, former Pacific Fleet 135-pound champion, knocked out Gilford Kerns, with a hard right to the stomach, in one minute and 50 seconds of the fourth and final round of their match. This was a slugging due, most of the way and Kerns battled the ex-sailor on even terms until he The winner scaled 159 and Albright 164. Kerns substituted for Fla Kirby Riffey, of Martinsburg W.

In the four round curtain raiser Tommy Biesel, 134, Connellsville, Pa., seconded by "Mushy" Saber, earned a decision over Danny Booth, of Eckhart, younger brother of Johnny.

770 Pay \$1,900

It was estimated that approxi-mately 1,000 persons saw the show which was promoted by Leonard "Chick" Little with "Vic" Ricker as matchmaker. There were 770 paying Operation of New Motor customers and the gross receipts were \$1,900. Ringside seats were Vehicle Responsibility \$3.60 and general admission pasteboards sold for \$2.40

Announcer Sammy Cozad made an attempt to introduce some of the candidates in the city election to-

Negro League Will Seek Organized Ball Berth

Negro National Baseball League has appointed a committee to revamp its constitution as the first step toward applying to Commissioner A. B. Chandler for a berth in organized

session of the league at Baltimore on March 12.

The constitution of the National league is being used by the Negro High One.

(FAST TRACK)

1—Lo Reinette, Bonuomo-Ed-Ell Entry, High One. ession of the league at Baltimore circuit as a model.

A best four-out-of-seven world series between the Negro National and the Negro American league winners also was recommended at the Baltimore session and the former loop set May 4 as the opening date of its 1946 campaign.

Card of Thanks

The daughters of Michael Long wish to MRS. OSCAR UPSLINGER AND MRS. EVA SHANKLIN

In Memoriam

In loving memory of Mrs. Thomas Mc-Cormack, who passed away one year ago today, March 19, 1945.

One year has passed without you, We are still lonely and blue, There's hardly a day, dear Mother, That we don't think of you.

When at times they see us smile, But little do they know the heartache, That we suffer all the while. The voice we loved is stilled, Your place is vacant in our hearts, No one can ever fill.

Sadiy missed by her HUSBAND AND CHILDREN

It was stated that the increases for operators will be made offering. groups on March 18. In general, the cite. ontracts are for a period of one by Ralph L. Rizer, city engineer.

All-Marine Rally To Be Held Here On March 25 FIRE DAMAGES WOLF

Francis K. Finan Detachment Marine Corps League, met last night LOSS IS \$100,000 at 63 Baltimore street, and made plans for an all-marine fally, to be held March 25, at the Moose home, according to Herman M. Heller, tem-

the Cumberland and Tri State the corps at any time, Heller said. Admission to the rally will be by presentation of discharge or cerdificate of discharge.

Committees named to arrange the affair include, Charles W. Thompson and Robert J. Herstine, door committee; Herman D. Bennett, Ralph nedy and A. Joseph Chorpenning,

Announcement was made at the that the charter has been received and the Marine Corps League here is now an official detachment of the organization. The char- water. ter shows the name of the detachment as requested, "Francis K. Finan Detachment of Cumberland" and also indicates that the Marine alterations were underway. The Corps League was incorporated by store was closed for the afternoon To Operate Capital an act of Congress in August 1937. for the formal charter presentation will be made at a later neeting, Heller said.

The rally next week is scheduled to begin at 7 p. m. so a short busi-ness meeting can be held before the party gets underway, it was indicat-

Shriver Avenue Man Opposes Appropriation To Provide Bookmobile

Informed the county commissioners. Helen Washington, 22, 449 Pine averue, stated and other thanked the business last week thing about it."

F. Brooke Whiting, George Helication and other nue, and Thelma Hollingsworth, 38, to Graham Gray, Midland.

Allender thanked the council for resenting the company in the protocoperation in making the surtesenting the company in the test against the appropriation asked juries suffered in the crash. outside of Cumberland to provide a bookmobile. "We taxpayers living in the city

are now taxed to maintain the city library," Wolford wrote, "and I feel if those outside of Cumberland want a library they should pay for it." Wolford proposed that the legislature be called upon to pass a special bill whereby citizens living outside of Cumberland would be taxed for the proposed bookmobile

Kopp Says Nutrition Education Is Important in Health Program

Planning Group

Meets Thursday

A committee appointed early in January to prepare plans for incorporating nutrition information and practices into the elementary school program will make a report to the principals of the elementary schools Thursday, April 4, at 2 p. m. at the board of education building, it was announced yester-School Superintendent Charles L. Kopp.

"The principals and teachers of this county and educators generally are becoming more and more aware that nutrition education is one o the most important parts of ou total health education program,' Kopp said yesterday. "Particularly in Allegany county, since the introduction into our school life of the cafeteria, have our teachers caugh the significance of nutrition as part of our endeavor. Miss Ruby M. Adams, director of

lementary education, will serve as chairman at the April 4 meeting. Mrs. Gertrude Bowie, assistant state supervisor of home economics, will discuss "The Need for Nutrition Education. Miss Flora G. Dowler, home

demonstrator for the Manufacturers Heat and Light Company, Pittsburgh, will speak on the subject, Basic Facts of Nutrition."

Following these talks, the nutrition terday lan for building a nutrition program in the elementary schools. The
